A Note From Mrs. McDowell-Sodaville Campus

Parents/Guardians we really need your help. Although swearing/inappropriate language has been a problem since I was in school (45 + years ago) I don't remember it starting as young as third grade and containing four letter words and crude comments. However I have spent time with several students as young as 3rd grade discussing and giving consequences. Would you please take the time to reinforce this message at home with your students.
